Marjorie "Marge" MacClymon to Head Development

Marjorie "Marge" MacClymon

President Arthur M. Griffin recently announced the appointment of Marjorie MacClymon to the position of Director of Alumnae-Development Relations.

A member of the Class of 1932, Miss MacClymon ("Marge") came to Lasell from Newtown, Connecticut. She has been a member of the College "family" since her graduation, serving the institution with distinction in various capacities, including Secretary to the Dean of the College, manager of the College Bookstore and, since 1957, as Alumnae Secretary. Marge has represented Lasell at meetings of the American Alumni Council, served on the President's Advisory Council, been a member of the Lasell College Corporation, is a Class Agent and, as Alumnae Secretary, serves as the liaison between the

Lasell Alumnae Board of Management and the College. In 1973 Marge was awarded a Lasell Medallion in honor of her devotion to the College.

Marge, as Alumnae Secretary, has over the years, in her own fashion developed and maintained for many alumnae a continuing and fruitful relationship with the College. Her special talents and contacts have been most productive, and in her new and added endeavors will be calling upon many of you to assist the College toward its greater development and fulfillment.

In assuming the added responsibilities of the Development Office, Marge will not only continue her alumnae functions, but will also become involved in the priority objectives of the College, and will work with alumnae, administration, staff, parents and trustees in helping Lasell meet its goals.

We all wish her great success!

Lasell Award Goes To Rosalie Rosen

"In recognition of outstanding service to the College, and representing the highest tribute Lasell can make to an individual who has assisted Lasell to the greatest extent in assuring her continuing pursuit of excellence." So reads the citation on the silver Paul Revere bowl, The Lasell Junior College Award, presented this year to Rosalie **Brightman** Rosen, former Chair-

man of the Lasell Junior College Board of Trustees.

A Lasell graduate, with a major in Liberal Arts, Mrs. Rosen was associated with Jay's, Inc. through most of her business career, serving as buyer and fashion and promotion director. She retired from Jay's shortly before the store was sold.

Named to the Lasell Trustee board in 1962, and elected Chairman in 1969, Mrs. Rosen has also assisted the College as a Class Agent, Chairman of the Alumnae Bazaars and as a guiding force behind the Lasell Capital Campaign, "A Program for '76." She was presented with a Lasell Medallion by the Lasell Alumnae Board of Management in 1972.

Dr. Kathryn A. McCarthy

Class of 1976 Urged To "Tune In"

Dr. Kathryn A. McCarthy, senior Vice President and Provost of Tufts University, advised the 223 graduates at Lasell's 121st Commencement to "tune in rather than drop out."

Referring to the 1960's musical "Stop the World, I Want to Get Off," and the attitudes that were prevalent at that time, Dr. McCarthy noted that "today's women want to get back on, and are now working toward assuming new roles and should not be plagued by the fear of success."

In asking the graduates to examine the pattern that will evolve for their whole lives, she suggested seeking three characteristics in the role-model. "Proper and thoughtful preparation in your chosen field, a sense of relatedness of that field to other fields and the impact of that field upon your life."

She urged the young women to work with other people "with compassion, with responsibility and with love for others." Dr. McCarthy stated that, seeking such a course for life will answer the question, "Do you know where you are going to? Do you know?"

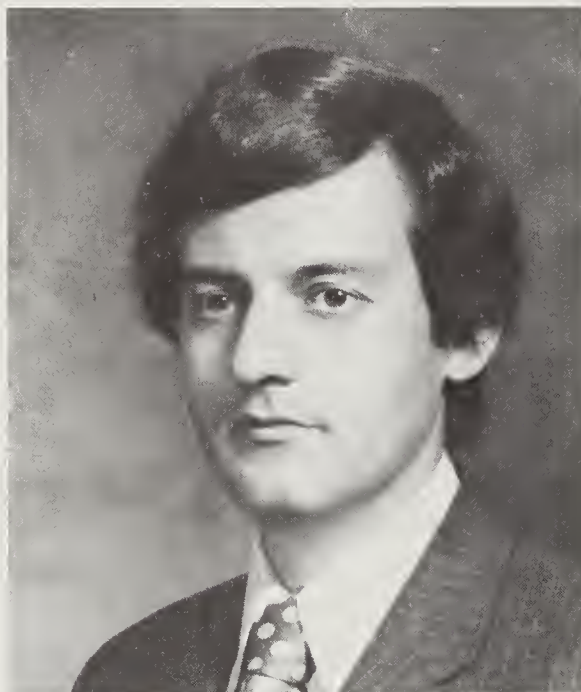

A world renowned physicist and woman educator, Dr. McCarthy is a Phi Beta Kappa graduate of Tufts University and received her doctorate from Radcliffe College.

Board Elects New Treasurer/Trustee

The Lasell Junior College Board of Trustees has elected Robert S. Stoller of Newton to the board and to the position of Treasurer of the College.

Stoller, who is President of the Coolidge Corner Co-operative Bank (Brookline) was previously with the Boston law firm Sherburne, Powers and Needham.

He is a graduate of Boston Latin School and the University of Wisconsin; attended graduate school at Boston University and received his law degree from Suffolk University Law School.

College to Offer Program in Business Management

In keeping with the practice of the Lasell administration and curriculum committee to constantly re-evaluate the courses of study offered by Lasell and to introduce programming meeting the needs of young women today, the College announces that it is adding a Business Management major in September, 1977.

Designed to meet the increasing demand by young women desiring work or study in the business management field, this program will permit its graduates to transfer to four-year institutions in either Management or Business Administration or to enter the job market (with an Associate in Science degree) in entry level management positions.

First year courses will include detailed study in Economics, Law, Business Management, and Math. Course selection in the second year of study will offer a concentration in Accounting, Personnel Management, Employee Relations, Sales and Advertising Promotion, and Marketing.

Further information regarding this program may be obtained by contacting the Dean of Admissions.

The class of 1916 really did a remarkable job of attending our 60th reunion. We had nine present and it was a delightful reunion for each one of us.
